PROFILE

As a proficient skilled Frontend Developer with 2 years of experience, I am seeking a challenging role where I can apply my expertise in HTML, CSS, JavaScript, React.JS, and other related technologies to create visually stunning and highly functional websites.

PROFESSIONAL EXPERIENCE

Jnr. Frontend Developer, *King Cabana*   2022 – 2023
- Collaborate with cross-functional teams to design and develop responsive and user-friendly websites.
- Implemented and optimized local storage, JSON server, and other UI components solution.
- Create and maintain reusable UI components using React.
- Write clean, maintainable, and scalable code using HTML, CSS, React.JS, and JavaScript.
- Integrate endpoints from the front end to the back end.
- I developed new features and improved the website's design and usability.

Tech Stack: React.JS, JavaScript, HTML, and Styled-Component CSS.

React Developer (Freelancer), *Dream Project*   2022
- Meeting with the development team to discuss user interface ideas and applications.
- Writing application interface codes using JavaScript following react.js workflows.
- Monitoring and improving front-end performance.

Tech Stack: React.JS, JavaScript, HTML, and Tailwind CSS

Frontend Developer (Freelancer), *Sendchamp*   2021 – 2022
- Implement SEO best practices to improve website visibility and conduct website testing and bug fixing.
- Optimize website performance by minimizing page load times and reducing HTTP requests.
- Connection of GitHub branch to other developed code and solved the merge conflict code base.
- **Tech Stack:** React.JS, JavaScript, HTML, and CSS
